President Report

My fellow members,

It brings me great delight to report to you where the sport is at the close of the financial year for period ending 2021/22. With the many challenges that the sport has faced over the last 16 months with covid restrictions and national events postponed, the sport of tenpin bowling in Western Australia has still remained strong with membership numbers and participation in local and national events from the membership at a healthy level.

There have been good milestones in the world of funding, training, membership, and participation from local events at the close of 2021 and opening at the beginning of the year. Our last four events that included State Championships were sold out and there were a lot of new faces and winners on the lanes.

Towards the end of 2021, with the official launch commencing in February 2022, TBAWA implemented a training school in Warwick Super Bowl that also included pocket training sessions at both Cannington and Joondalup zone centres with our Silver coaches. The introduction of our new Programs Manager, Mike Diamond, enabled the Board to acquire the funding for this program. We would like to thank the coaches that are currently participating and working with Mike in running these sessions who are Brett Marshall, Chris Batson and Ken Thompson. We thank you for giving up your time to run these sessions.

We had two new tournaments introduced into the TBAWA calendar for 2021 and hopefully will continue into 2022. This was our Perth Ashes and Pink Ladies Cup. Both were sold out events. These two tournaments were introduced to help in the participation for two selective cohorts. The first being the Perth Ashes were by invitation members were invited to compete against current state teams and development teams as part of our pathways into state teams initiative. Some members that have not bowled for a while were on the lanes along with upcoming stars. This was popular for development and has been placed into the 2022 calendar pending venue location.

The women's Pink Ladies' event was to promote the ladies of all ages in our sport with a women's only event. Sponsored by HealthWays, this event saw ladies that have not participated in events for awhile return, and current members that are of high performance the opportunity to mentor junior and new members on the lanes. This was also a sell-out event with over 50 ladies competing. Each lady is now recognised an ambassador for the sport. The ethos of this event was to bring our female cohort off the lanes of league and into training and competitive events. Carol Giannotti was our host and did a fantastic job. Thanks to Carol and Zone Bowling Joondalup.

This report will also outline our governance and commitments to the state government in aligning with the criteria that is required to build and grow Tenpin Bowling in this industry and capture the strategic goals that are set down not just by our local government by Sports Australia. With the fun and the participation that we all enjoy here in WA, comes the administration framework, the engine room, that enables all members and future members to participate in our sport, and to be continued as a recognised sport in this industry. I would

like to take this opportunity to thank my Board members and other various volunteers that have assisted the sport and me personally so far.

Local Government, Sport and Cultural Industries – Update

Participation for non-members in our sport is a requirement as part of our operational funding to provide programs for non-members for Tenpin Bowling.

Bowl Patrol and Bowl Abilities are national programs that are rolled out here in WA, to increase participation and increase interest in our sport, that will assist with future members.

The figures for 2021/22 ending have shown an increase across all regions since 2020. The main driver that the trend has indicated is covid not being as restrictive in a social environment.

The below table outlines the regions we are covering with our non-member and school-based programs for each program. Currently this is keeping us in the KPI for regions that we require to stay in our funding category, as outline in the appendix.

Program	Location (LGA)	# Participants	# volunteers	# spectators
Sporting Schools	Metro and South West - Registered Participants	1004	16	
Bowl Patrol	Metro and South West - Registered Participants	211	177	220
Bowl Abilities	Metro and South West - Registered Participants	117	79	150
Participation activities	Metro and Peel	803	21	
Non affiliated Leagues	Great Southern (Albany)	27	3	
Coach Training	Lane Rangers (Registered)	22	22	
Totals (Participants)	Metro, Peel, South West, Great Southern	2135	293	
TBAWA Membership	Metro, Peel, Wheatbelt, South West and Great Southern	1760		

Breakdown by Region				
Metro	Peel	Wheatbelt	South West	Great Southern
889			115	
134			77	
92			25	
656	99		40	
				27
11			11	
1782	99	0	268	27
1614	35	9	102	

Moving forward into the rest of 2022, participation days and come try me days are scheduled to run in the later part of the year to increase membership and school-based programs.

The TBAWA training school provides an opportunity for new members to increase their skills set and this includes some graduates of the Bowl Patrol and Bowl Abilities program.

Mia Buswell has been instrumental in assisting us with these in school programmes along with Bunbury Tenpin Bowling Centre.

Membership

For period ending December 2021, our total membership has been down due to COVID-19 impacts from years before covid however since the last AGM we have increased our membership again to **1743 which is a 14.75%** increase from the close of last year

The following table indicates were each centre has been impacted. Total membership from 2020 to 2021 is down 133 or 8.21%. According to the NSO collection on member data through survey, the return to play survey indicated COVID-19 impacts or concerns in returning to league/play.

APRIL 2021		April 2022		
Zone Bowling Cannington	14 leagues	Zone Bowling Cannington	18 leagues	↑
Zone Bowling Joondalup	16 leagues	Zone Bowling Joondalup	14 leagues	↓
Zone Bowling Morley	13 leagues	Zone Bowling Morley	18 leagues	↑

Melville Super Bowl	79	Melville Super Bowl	95 members - up 16.85%	↑
Bunbury Bowl	94 members	Bunbury Bowl	121 members – up 22.32%	↑

Currently, the following membership breakdown is as follows

Total Female	732
Total Male	987
Total membership	1743

These figures can be broken down further into the following categories

Total Juniors 5-17	102
Total Senior 50+	805
Total Adults 18-49	812

These figures are correct as per the national database. (www.tenpinresults/adminreports.com.au)

Strategic & Operational Plan – Update

Our strategic plan has been revised in line with government funding, Tenpin Bowling Australia initiatives and performance pathways objectives. The new strategic plan is a 5-year plan that is inclusive of continuous improvement and continuous monitoring of ongoing KPIS.

The following five pillars were constructed in line with LGSCL, NSO requirements, member participation, promotion, and growth of our sport.

1. People

- COVID-19 impacts have been seen in a slight decrease in numbers within the 3 years trend pre-2019. However as mentioned the membership has increased since last year. However, we have seen a decrease in local associations in several local centres.
- Local coaching and development structure that has been implemented for development of membership and new members into the sport.

2. Participation

- 2021 targets of a 5% increase for women's participation was approached with the women's only event, we have since an approximate 2.3% increase in our women's participation across all divisions since and will focus on the 5% target for the remainder of the year.
- Bowl Patrol and Bowl Abilities has expanded in participation with an increase across several regions as outlined above.
- Development days scheduled for May 2022 for increasing the membership and will hosted at Zone Cannington.
- Two new events added to the calendar for 2022.

3. High Performance

- Training school implemented at Warwick Super Bowl for intermediate and high-performance pathways for both able and disabled members.
- Discussions for Western Australian Open scheduled for September 2022 is currently under review and pending venue approval.

4. Promotion and Marketing

- Marketing plan revised, deemed not necessary for size of association, however a communication plan has been developed, website upgraded and other social media platforms.

5. Facilities

- TBAWA has been issued a space at Sports West in Perth Floreat as a central location for our office. This brings new meetings rooms, facilities, gyms and training spaces for our members and future events off the lanes.

6. Governance

- 3/7 Board members currently skilled up in board governance. Other and new members due to recommence training through LGSCI when available.

- All positions on the board have been issued a laptop and association email to move correspondence and TBAWA business out of personal email and desktops. This also assists with succession planning and continuity of board business.
- TBAWA meets the requirements under the sports minister policy for a 50% composition of Board members to be female as part of promoting female leadership. This has significantly contributed to a large portion of our funding by having a 60/40 ratio of male/females' volunteers on the Board for the 2021/22 close.

Operational Planning

- Coaching, development, and training of members on all levels;
- Increase training and development for current and new coaches;
- Increase participation for both Women and Juniors in competitive bowling; and
- Secured a office space at Sports West to provide a new training and meeting space for future development and meetings for the sport.

Grants- Update

TBAWA was successful in obtaining a \$30,000 specific grant for training and development here in Western Australia. This grant will go towards setting up clear pathways for entry level adult bowlers or graduates of a Bowl Patrol and Bowl Abilities program, that can complete a 4/6-week course with a Silver Coach that will teach them the basics to bowling, assist them with their equipment and understand the fundamentals of bowling.

From here the pathway will be into our development squad that will be open to all members to train with our coaches once a month both on and off the lanes.

This grant was extended due to covid restrictions in 2020/21.

- Grant awarded for special project in Bunbury for disability bowlers and participation increase for our sport in a regional area. \$20,000 awarded.
- Grant awarded for coaching funding for development of current coaches \$15,000 has been approved as well for July 2022-Jun 2023.

Training and Development

The TBAWA Training School was implemented with the assistance of Warwick Super Bowl. This is a pilot program for the community that will finish at the end of 2022. If successful, the programme will look to be extended and implemented full-time using operational funding.

The TBAWA Training School is a program that leads on from the Foundation Program for graduates, and for seasoned Athletes looking at improving and practising their skills with ongoing support. Athletes of this program will be provided with regular training opportunities that will be scheduled through the year, where Athletes and choose a squad time and centre to provide opportunities for all cohorts of Athletes with competing priorities for the busy individual. Athletes that stand out in these squads may be select by our coaches to participate in the advanced clinics.

The Training School will be broken into monthly squad times with a Silver Coach in Western Australia

Future Focus

Currently, our association is not a grassroots club, and operates predominately as a e-business using social platforms. We are reliant heavily on government funding and volunteer time. Without these the sport cannot operate or be sustainable. Having said this apart from always looking to increase our capitals and revenues, being involved in the sport will assist with the daily operation. Volunteers is one of the main strategic goals that over the next three years we will need to work towards to increase to assist with capacity and growth. And secondly, becoming innovative on running events, how to run events, stakeholder engagement and the possibility of setting down roots were possible.

With exciting new changes around the country, TBAWA will be focusing on the next 5 years as outlined in the strategic plan to increase participation, increased membership. Increased member training and events and work towards securing an open event here in WA that is either ranked event or nationally recognised to participate in from other states.

This report and other will be made available after the AGM on our website www.tenpinwa.org

Treasurers Report

TREASURERS REPORT FOR DECEMBER 2021

Dept of Local Government, Sport and Cultural Industries Grant 2021

TBAWA received our yearly grant of \$49,500.00 (GST Inc) in May 2021. This grant had been allocated as per the budget.

We also received the Sports Development Grant from Grant for \$33,000.00 (GST Inc), which is to be used for the Sports School.

A Grant from Tenpin Australia was received in Aug 21 which has also been allocated against the Sport School Programme, for \$5,000.

\$15,000 has also been won in May 2022, to put towards coaches and training for 2022/23 from the Department of Sport and Recreation.

TBAWA Affiliation Memberships

Memberships were paid to the WA Sports Federation.

TBAWA Financial Reports and Audit

The Balance Sheet and Profit and Loss for the year 2021 form part of this report.

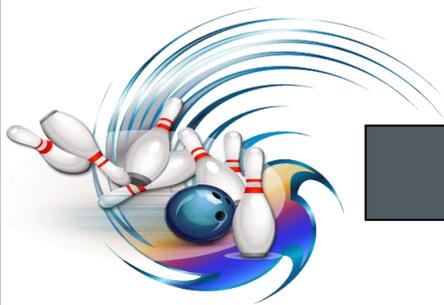

These accounts are unaudited and are currently being audited by our auditor Mr John Pascoe FCPA.

No State Teams were able to travel to Nationals in 2021 and all monies collected for the Junior and teams were refunded back to them. The Disabilities team has already paid for airfares are were unable to receive the cash back, this is currently sitting as a credit with Flight centre and some of it being used for Airfares for the 2022 National Disability Nationals being held in Melbourne in June 2022, we are in talks with flight centre to try and get the balance back in cash.

Surplus funds for Dept of Local Government, Sport and Cultural Industries 2020 grant will be held over as excess funds.
